

Our facility in Winston-Salem is looking for a ...

Maintenance Manager

We are a world leader in the manufacturing of technical nonwovens for a wide range of applications in automotive, industrial, and agriculture areas.

Polyvlies, founded and headquartered in Germany in 1850, has five locations across Europe and the United States with more than 450 employees.

Responsibilities

- Develop maintenance procedures and ensure implementation
- Carry out inspections of the facilities to identify and resolve issues
- Check electrical and hydraulic systems of buildings to ensure functionality
- Execute, plan, and oversee all repair and installation activities
- Allocate workload and supervise housekeeping staff (i.e. custodians, janitors...)
- Monitor equipment inventory and place orders when necessary
- Keep maintenance logs and report daily activities
- Ensure that health and safety policies are in compliance

Requirements

- Experience in planning maintenance operations
- Solid understanding of technical aspects of hydraulics, mechanical, and electrical systems, etc.
- Working knowledge of production and machinery equipment
- Ability to keep track of and report activity
- Outstanding organizational and leadership abilities
- High school diploma or equivalent
- BS/BA in business administration or facility management will be an advantage
- Valid Certified Maintenance Manager (CMM) will be a plus

Training trips to Germany will be necessary as well as regular exchange of information. We offer a competitive salary and a comprehensive benefits package.
